

Salicis 400 mg Capsules

Nutritional supplement with salicis and vitamin C

Valuable information:

The willow bark (*Salicis cortex*) is already mentioned in ancient herbal books. Main ingredients are various phenols, of which the glucoside *salicin* is the best known. Salicin is converted into the digestive tract to the well-known *salicylic acid*. The additional content of vitamin C in the capsules supports your body's defences, because vitamin C has been shown to contribute to a normal, healthy immune system function.

Ingredients: Salicis (73%), Gelatine, Vitamin C, Microcrystalline Cellulose (bulking agent), Magnesium Stearate (separating agent).

	per capsule	per daily dose (= 9 capsules)	% of NRV recommended daily dose*
